Re: MB Docket No. 10-56

Dear Chairman Genachowski,

I recently became aware that the Federal Communications Commission is reviewing the pending merger between Comcast and NBC/Universal. I have come to know and respect Comcast for the way the company has reached out to the Hispanic community in Lansing, Michigan.

I am the Executive Director of the Cristo Rey Community Center, founded in 1968 to care for the social needs of the growing Hispanic population in Lansing. We offer counseling, health services, employment training, housing program and other services in order to ensure that individuals and families receive caring, effective services in the areas of social, health, employment preparation, and basic education needs.

Comcast has offered continuous support for our efforts in the community. The company has sponsored the community's fundraising, Cesar Chavez Dinner and Spanish Heritage Month. It organized the public service event known as Comcast Cares Day, which helped care for the grounds surrounding the Cristo Rey Community Center. Comcast has also featured the Cristo Rey Community Center on their Comcast Newsmakers local issues program, which has helped us get the word out about the Community Center.

Comcast's acts of kindness and support mean everything to a non-profit community organization like Cristo Rey. Cristo Rey Community Center supports this merger. If you need any additional information I can be reached at 517-372-4700.

Sincerely,

  
John Roy Castillo
